### Mix a Six / 6 for \$60

Mix a Six - By popular demand we have introduced a mix a six pack of beer! Mix 6 bottles\* of beer for 40% off the single bottle price of each. We have a great selection to choose from, and it's a great chance to try beers you may not have tried.  
\*cans not included.

6 for \$60 - Every month Walter will hand select a set of six wines, all for \$60 plus tax. Sometimes you'll notice a theme, sometimes he'll mix it up. And even better, you can double down and buy two sets for an additional \$5 off. No other discounts apply.
